SEVEN MILK MEN ARE ON COUNTY'S HONOR ROLL; COWS TESTED

Many Maysville Dairymen Have Not Yet Had Their Cows Tested For Tuberculosis—Public Greatly Interested in Seeing Tubercular Cows Eliminated.

Seven Maysville county men who are producing milk for human consumption in Maysville county have already taken advantage of the offer of the Federal government to test their cows for tuberculosis but there are yet several of our most prominent milk dealers who have not invited the government expert to go over their herds to find affected animals.

When the herds are tested this means that all tubercular cows are thrown out and that milk purchased from the dairyman who has had his cows tested is pure from any tuberculous. These seven dairymen are placed on the roll of honor by the County Health Department. They are:

Frank Carpenter.
George Seddon.
William Newell.
Earl Newell.
Henry Callenstein, Sr.
Jack Ashury.
Francis McIntyre.

While the testing of the herds is not compulsory, the people who are using the milk are quite anxious that they are protected from tuberculosis and every dairyman who sells milk for human consumption in Maysville should have enough interest in his patrons to have all tubercular cows, if there are any, eliminated from the herd.

YOUNG LADY DIES

Miss Verna E. Hill, aged 13 years, daughter of Mr. and Mrs. A. P. Hill, of the Murphysville neighborhood, died at the home of the parents Sunday evening of typhoid fever. The funeral will be held at 11 o'clock Tuesday morning at the Shannon church and burial will be made at Shannon.

SUFFERS BADLY SPRAINED ANKLE ON CAR TRACK

While crossing the car tracks near his home in West Second street Sunday evening, Mr. William "Kelley" Luman slipped and suffered a very bad sprain of his right ankle.

Mr. and Mrs. Richard Williams and children, of Huntington, W. Va., motored down to spend a short vacation with relatives here.

4-YEAR-OLD MAYSVILLE GIRL GIVES AESTHETIC DANCING

Daughter of Mr. and Mrs. Frank Vines, Dancing Prodigy, Attracts Attention at Rochester, Minn., Park.

The following is from the Rochester, Minn., Daily Bulletin: Though it was not a part of the program, people attending the band concert last evening witnessed a delightful hit of impromptu but perfect aesthetic dancing, when little Marie Vines, the 4-year-old daughter of Mr. and Mrs. Frank Vines of Maysville, Kentucky, danced on the grass directly in front of the park band shell.

Little Marie and her parents, at the beginning of the program, were sitting near the shell. During one of the early selections the child suddenly sprang up, and without a thought of the big audience behind her, began to dance on the grass. Every eye was fixed on her, and for more than half an hour little Marie pirouetted and cavorted to the music with dainty grace. The applause which followed the selections was intended for her as much as for the band, but she took no notice.

Her graceful toe dancing and her interpretation of the music of the band caused the crowd to marvel at her work.

Mrs. Vines, the mother of the infant prodigy, stated to a Bulletin reporter last evening that her daughter had danced naturally since she was able to walk, and that she had never taken lessons. The interpretation of the music was her own. Marie, her mother said, had always loved music, and could never resist the opportunity to dance. Those who witnessed the dancing last night prophesied a wonderful future for the child. Mr. and Mrs. Vines are in the city from Kentucky to consult physicians.

DEATH AT ABERDEEN

Mrs. Elizabeth Long, an aged and highly respected citizen of Aberdeen, died at her home in that town Sunday evening following a short illness. Mrs. Long's daughter, Mrs. Jerry Huron, died following a surgical operation a short time ago and worry over her death is thought to have hastened the death of the mother.

Mr. H. Carr Pollitt, who has been camping for the past week, was called in by his firm today and again went onto the road. Mr. Pollitt, who travels for one of the largest harness manufacturers in the country, was temporarily called off the road by his firm last week because of the condition of the market.

WARM FIGHT PROMISED IN PRIMARY ON SATURDAY IN MASON

Carroll and Black Forces Get Ready For the Fry—Last Week Has Seen Quite a Change in the Complexion of Things in Mason County.

Politics in Mason county took on considerable interest during the past week. Up until that time there had been very little interest displayed in the state primary but the Democrats of Mason county during the past seven days have been sliding into two distinct divisions. One of these cliques are standing behind the banner of Chief Justice John D. Carroll while the others have been lining up behind the banner of Governor James Black and the number in the latter class seem to be gaining ground rapidly.

Had the primary been held in Mason county one week ago the Chief Justice of the Court of Appeals would have received a very large majority for the nomination but the Black supporters have been busy during the week and the Carroll tide seems to have been checked considerably while the Black forces are getting lined up in perfect battle formation. There has been an organization perfected throughout the county, it is so learned. In support of the governor's race. Those who are managing the race in Mason county say that they will give the Chief Justice a run for his money in the county and that they will carry the county precincts while they concede that it is more than likely that the City of Maysville will give Carroll a good majority.

All of this stir seems to have started only a few days ago when friends of Judge Carroll began advertising his candidacy in the Maysville daily papers and although the Black forces have been quietly working in the county, the first open shot fired by that side in the contest was when an advertisement appeared in the Daily Bulletin, the recognized Democratic organ of the county, Saturday, which read as follows: "Democrats Be On Your Guard. There seems to be a disposition on the part of certain self-appointed leaders of Democracy in Maysville to dictate to the Democrats of Mason county who they should vote for at the approaching primary election. Mason county Democrats, as a rule, think and vote according to the dictates of their OWN MINDS and not at the command of any man or set of men. If they do this they will, on August 2nd, vote for Hon. James D. Black, present Governor, a man who has always been a true Democrat, and has always supported the Democratic nominees, including Hon. William Goebel, deceased."

This looks quite interesting and appears as if on next Saturday there will be something interesting doing throughout Mason county, whereas, a week ago it looked as though the fight would be a very tame affair.

The Daily Independent, which has espoused the Democratic cause, came out openly during the week in an editorial stoutly supporting Judge Carroll while the Bulletin has not yet committed itself and in Saturday's issue urged the voters of the Democratic party to "make up your mind to support the nominee in the November election" and not to go into the sulks if your choice is not successful in winning the nomination.

The Representative race has also taken on considerable color since B. B. Pollitt, one of the candidates for the Democratic nomination, came down from Frankfort, where he is employed in the State Auditor's office, to talk the matter over with the boys back home. Some few bets have been made on this race, it is understood, in which odds were given against Pollitt but reports from the country districts are that this candidate is quite popular and gaining ground. Early says: "I'll heat him two to one" and Pollitt says, "If they do anything like they say they'll do, I'll be the candidate on next Saturday night."

Prof. W. P. King, was in Maysville during the week in the interest of his race for the Democratic nomination for State Superintendent of Public Instruction and reports things over the state very encouraging in every respect. He says that Foster is the man he's got to beat and that the halloos of the voters on Saturday will show him a winner over the Western Kentucky man with the Lexington magazine editor, third in the race. King will undoubtedly get a solid vote in Mason county.

BAND RESUMES

Now that Prof. J. H. Young, leader of the Maysville band, has returned and that the majority of the boys in the band have had their vacations, the regular practice periods will be resumed and the band promises to give us some good music in the near future.

DISORDERS AT MURPHYSVILLE ARE TO BE AIRED IN COURT

Pastor of Murphysville M. E. Church Procures Warrants For Young Men Charged With Disorderly Conduct at Church Picnic.

Disorders in and about Murphysville which have been the subject of much complaint filed with the local courts and which have been the subject of the issuance of several warrants, none of which have yet, however, come to trial, all defendants entering pleas of guilty and paying their fines, may yet be aired in the local courts.

The pastor of Murphysville Methodist church this morning procured warrants in Squire Fred W. Bauer's court against two young men of the Murphysville neighborhood charging them with disorderly conduct. It is understood that on Saturday when there was a picnic held on the church grounds, several young men, who were under the influence of liquor caused quite a commotion by driving into a section of the church yard which had been fenced off and that there was considerable disorder of various kinds.

Much complaint has been made recently about drunkenness in the Murphysville neighborhood and the good people of that community are anxious that the matter be broken up.

PARIS PASTOR PREACHES VERY STRONG SERMON

There was a very good audience at the First Baptist church Sunday morning to hear Rev. R. C. Goldsmith, pastor of the First Baptist Church at Paris. Mr. Goldsmith preached a very strong sermon which was greatly enjoyed. Mr. Goldsmith recently resigned at Paris but his congregation has asked him unanimously to reconsider the resignation.

BLACKBERRIES ARE STILL VERY PLENTIFUL

Blackberries throughout this section are still very plentiful according to the farmers and those city people who have been going into the country for the fruit. There were quite a number of Maysville people in the patches near about town on Sunday and many came in late with a very large supply.

ENGINEER ON WRECKED TRAIN DIED SATURDAY

Engineer Robinson on the Cincinnati-Silver Grove Commuter on the C. & O. which was wrecked Saturday morning, died at Speers hospital about noon Saturday. The fireman who was very badly injured, is not expected to recover from the injuries he sustained in the wreck.

THREE NEW SCHOOL TEACHERS ARE ELECTED

The County Board of Education has elected three teachers to fill vacancies in the county. Mr. Sam Lee has been elected principal of the Orangeburg school, Miss Ida Woodward will teach at Corinth and Miss Lena Koehler has been selected as the teacher at Shannon for this year.

COURT AT FLEMINGSBURG

Today was court day in Flemingsburg and quite a number of Maysville business men went up to the Fleming capital for the day. A number of Mason county traders also spent the day in Fleming. Those attending report only a fair crowd in town.

JULY 31—DANCERS—JULY 31

Don't forget the big Liberty Dance July 31 at Beechwood Park. Music by Williams Popular Quintette. Beautiful decorations in patriotic style and you can dance amid Beechwood's cool breezes from 9:30 till 4 a. m.

LIGHTS ON AUTOS MUST BE BURNING, CHIEF ORT SAYS

Drivers of Automobiles seem to Quickly Forget Warning Given About Proper Lighting of Machines—Law to Be Enforced Chief of Police Warns.

Several weeks ago the Maysville police force gave the drivers and owners of automobiles in the city a warning, which Chief of Police Harry A. Ort thought would be sufficient to insure a strict observance of the state and city traffic laws as regards the proper lighting of machines. Some forty or fifty machines were found by the police without the proper lights and these persons were given fair warning and released without trial.

Despite this fair warning, the drivers have again become careless and many machines are appearing on the streets without the proper lights.

Chief Ort Monday said that he intended to instruct the policemen to strictly enforce the law and all drivers caught on the streets in the future after dark without the proper lights, will be brought into Police Court and prosecuted under the laws. Chief Ort stated that the law required that both front lights be in working order and that a red light be burning on the rear of the machine.

FERRY'S ELECTRIC LIGHT PLANT ON THE WAY

Captain Stalder, of the Aberdeen Maysville Ferry, has received a bill of lading for the electric plant he will install on the steamer Laurence. The boat has been completely wired and the plant will be installed immediately upon its arrival. The night ferry is proving quite successful and many cross the river at night and especially on Sunday.

BIG SALE DRAWS LARGE CROWDS SATURDAY

The big sale which opened at Merz Brothers' big store Saturday attracted very large crowds and the bargains procured were very unusual. The big sale is continuing and there were many shoppers in town today. Many rare bargains are left and the people are taking advantage of this great opportunity.

Mr. John D. Walker has been appointed agent for the Louisville Courier-Journal which will be sold at his stand, Front and Market streets, 28-31.

Mr. Jasper Sellers and daughters, of Snow Hill, are in the city today.

BRACKEN COUNTY MAN CHARGED WITH SERIOUS CRIME

United States Marshal Arrests Augusta Man Under White Slave Act and Returns Him to Huntington, W. Va.

Deputy United States Marshal Sam W. Maples, of Huntington, W. Va., on Saturday arrested James R. Kelly, of Augusta, in the Bracken county town on a Federal warrant charging him with being the father of his fifteen-year-old niece's child.

It is said the warrant is issued under the Federal White Slave act charging that Kelly took his sister and her child from Huntington to Augusta and later to Cincinnati where they resided for some time. The warrant, it is said, was issued upon the affidavit of Kelly's brother-in-law, the father of the girl-mother and Kelly charges that the whole affair is spite work on the part of his brother-in-law. It seems as though Kelly's sister and her husband have been separated for some little time.

The arrest created some little excitement in Augusta but many of the good people of that town believe that Kelly is innocent of the crime and that the whole affair is but spite work on the part of the brother-in-law as Kelly charges.

Kelly was taken by the United Marshal to Huntington to face trial.

LOCAL GROCER'S FATHER BADLY INJURED BY MULE KICK

Mr. George Conrad, of Bourbon county, father of Mr. Charles Conrad, local grocer, was very seriously injured the latter part of last week on his farm when he was kicked in the head by a mule. One eye had to be removed and it is feared that his skull is fractured. Mr. and Mrs. Conrad motored to Paris Sunday to visit his father, who is a patient in the Paris hospital.

PASTOR TO PREACH LAST SERMON NEXT SUNDAY

Dr. B. B. Bailey, pastor of the First Baptist Church, whose resignation takes effect the first of August, will preach his last sermon to his church on next Sunday. Sunday evening the other churches of the city will join with the Baptist church in this service.

Mr. and Mrs. William M. Archdeacon and son, Mathew, who have been visiting relatives here for the past week, returned to their home at Grafton, W. Va., today making the trip in their automobile.

SIXTY CHAUTAUQUAS TO BE HELD DURING SUMMER SEASON

Members Easy in Lincoln, Wayne, Pulaski and McCreary Counties During the Past Week.

Farmers' community meetings prompted by the Kentucky Development Committee, Kentucky Bankers' Association and Extension Department of the College of Agriculture, University of Kentucky, which began in Jefferson county July 7, will cover the Eastern Kentucky circuit by August 16 and will complete a tour of sixty counties before the opening of the State Fair in Louisville, when the season closes, according to James Speed, of Louisville, a member of the committee.

During the past week meetings were held in Lincoln, Wayne, Pulaski and McCreary counties, and next week the speakers and entertainers, who travel in three groups, will swing up the Ohio and Big Sandy rivers. The week of August 11 three-day meetings will be held in Mason, Lewis, Lawrence, Pike and Johnson counties. After meetings in two groups of three counties each along the Ohio the route will be across Southern Kentucky and back to Louisville.

The results of the meetings in creating a strong public sentiment among the farmers of the state for better roads, healthier homes, modern schools, stronger churches and greater co-operation are already to be seen, according to Mr. Speed, and a wider program is being planned for next year.

Rev. E. R. Overley, who has been at Ruggles Campgrounds for the past week, passed through Maysville this afternoon en route to his home at Newport, Ky. Rev. Overley will go on to Nicholasville where he will assist in a revival meeting.

Rev. J. M. Litteral and Rev. J. B. Mahaffey, of Covington, passed through Maysville this afternoon en route to Ruggles Campgrounds. Rev. Mahaffey will have charge of the Young People's meetings there.

The case of J. M. Wheatley vs. The Sardis Milling Company, appealed from Squire Fred Bauer's court, is being tried this afternoon in Quarterly Court.

Mr. and Mrs. W. C. Manning, daughter and son, of January street, are spending the day in Cincinnati.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

"WHEN ALL WARS END"

No deadlier weapon was ever devised than the Roman short sword. This information may be nursed advantageously by those who have been deriving comfort recently out of the smug reflection that new engines of destruction and new gases are so devastating as to prohibit future conflict.

Each war has produced new and violent machinery to destroy the enemy. Knights errant in their potmetal were considered invincible until the Swiss upset them and proved the age old theory that infantry is most dangerous. Artillery was once considered so destructive as to make all warfare seem impossible.

Before the great war we heard much of mysterious acids which would blot out whole cities, ammunition capable of destroying armies. Infantry remained the backbone of the military forces. The acids, gases, high explosives, planes, electricity all played their parts, but the controlling factor of war fare is unchanged.

An automobile is impelled by a new energy, has more comfortable seats, many conveniences; runs on four wheels just the same; the ox cart hasn't changed so greatly after all.

War never depended upon the destructiveness of the weapons employed, but upon the temper of human beings. The wheels of human desire, human jealousy, human loyalty, and human ambition are the same though we have built round them a modern carriage of diplomacy and commerce.

A great shell might destroy a whole army if that army were conveniently assembled for that purpose. But when one belligerent devises a gun big enough to kill 1,000 men the other belligerent will see that 1,000 men are never to be found together. Bombs may destroy cities, but the wise inhabitants of those cities will not be there when it happens; or they will devise a new bombproof.

War is not of power, but of human thought and will—Chicago Tribune.

SAVED!

A thrilling piece of heroics was staged at the Capitol in Washington on the occasion of President Wilson's return to open the summer season. Just as the President stepped through the entrance a sinister looking bundle was dropped in front of him by a suspicious looking person. There was a minute of awful suspense and the statue of Freedom which tops the dome shuddered with apprehension. Drowning a deep breath Major Raymond Pullman, the dapper chief-tain of the Washington police force, tip-toed to the rescue. Cautiously the bundle was raised from the ground and with the delicacy of touch with which the swaddling clothes were later removed from the league of nations the bundle was unwrapped. The report was made that it contained nothing more explosive or incendiary than the bolshevik fulminations of the Washington Times, edited by Arthur Brisbane, so the country was saved and the heart of the world was not broken. It developed later that the bundle had been previously examined by one of the Capitol police and pronounced safe, if not sane. It is now rumored that Major Pullman will be decorated with a medal depicting Ajax defying the lightning, and he may later be sent to England to receive knighthood at the hands of good King George. The world is still safe for democracy, and will be until the Republican nomination next June, when the game season will open.

We are advised not to use force in Americanization, but what's to be done when the Reds and I. W. W. can't understand English?

President Wilson has reassured France that Americans are not dollar worshipers. No; we merely like to accumulate the eagles.

The average gain of Americans who server overseas was 14 pounds, but the skinny fellows who really needed it never got in.

The chief difference between an alien who dodged military service and the American who did the same is that the one is an alien.

Notice City Taxpayers!

Receipts for 1919 City Taxes are now due and are in my hands for collection. 10 per cent. penalty will be added in November.

Andrew M. January,
City Treasurer.

Office in Mayor's Office, at Court House.

PRESENT MEXICAN SITUATION DEMANDS VIRILE AMERICANISM

Washington.—The Republican Publicity Association, through its President, Hon. Jonathan Bourne, Jr., today gave out the following statement from its Washington Headquarters:

"The Mexican situation grows daily more threatening. Closely following the murder of an American citizen in the Tampico district, comes the report of an attack on a party of American soldiers in uniform and occupying a boat flying the American flag. This latest insult took place within three miles of the town of Tampico, where it is estimated 1,200 Carranza soldiers are stationed. Doubtless immediate demands will be made by the United States for an explanation and an apology, which may or may not be forthcoming. But, in any event, these most recent manifestations are merely two more incidents in the long and unbroken record of murders, confiscations, and insults to everything American that has marked Mexico's relations with this country since the down fall of the Diaz regime and the inauguration of the Wilson policy of watchful waiting. That policy has been interpreted by the Mexicans as a standing invitation to commit any excess they pleased against citizens of the United States, and it will be so treated just so long as it continues to prevent retaliatory measures by this country.

"Is it not about time to call a halt, and return to the only honorable course that a self-respecting nation can follow, that of extending the protection of the American flag to every citizen wherever he may be? There is no doubt that patriotism is decidedly on the wane in this country. From every side come mutterings of discontent. Societies of various sorts, and of differing creeds on some subjects are united in attacks upon the existing government and demands for its overthrow. The mails are filled with their propaganda, and new publications are springing up almost every day for the spread of their doctrine. Members of those organizations see in our Federal Government merely an institution for the levying of killing taxes; for the commandeering and withholding from private consumption of great quantities of food, clothing, and other necessities of life; for seeking to guarantee; and for aiding in and making certain the success of huge loans by a combination of American bankers to newly created and irresponsible European states. While the Government is engaged in those activities the people witness the wanton murder of our citizens at their very door, accompanied by the wholesale destruction of American property, and repeated insults to our flag. Is there little wonder that with those facts before them some classes of our people are insistent for a change?

"What this country needs above any other one thing is a stimulation to its patriotism. Let the people see in their Government an organization whose sole object is the maintenance of the welfare of the citizen and the protection of his life and property, and it will receive ungrudging support from the public. Let those qualities be lacking, and in their stead appear the interests enumerated above, and the Government will surely lose the support of the people, without which it cannot survive.

"One of the most positive steps we can take toward the rejuvenation of national pride is the adoption of a Mexican policy that will have for its objects the protection of American life and property and the establishment of law and order in that distracted country. We need but to repeat our record in Cuba, where we staid only long enough to put the country firmly on its feet, and provide for the continuance of orderly government. Such an attitude toward Mexico would do more than any other thing to amalgamate the varying schools of thought in this country, and win the confidence and respect of other nations."

OUR COLORED CITIZENS

The Bethel Baptist Sunday School will have their annual picnic next Thursday in the beautiful woods of Mr. Charles Marshall near Lewisburg. Everybody is invited to come and go and have a good time. Aside from the Sunday School they have arranged to make it a welcome home to the soldier boys. There will be a contest soldiers' drill and a big baseball game. All kinds first-class amusements will be had. Three big hay wagons will furnish transportation for all who desire to go. Take a day off and come and go. A day's holiday is due you. The wagons will leave in front of Mr. Carr's livery stable at 8 o'clock Thursday morning. Be on hand. Further notice of arrangements will be given later.

MRS. C. B. OWENS, Supt.

General Forgiving has been made a Scotch doctor of laws. Hoot, some mon!

VALUE OF THE SABBATH

Those who do not read and study the Bible have limited views of the value of this divine institution. With marriage it was ordained in the time of man's innocency. As soon as God made man he gave him these two institutions. God must have considered them of the first importance as they were his first mandates. The Sabbath is not a Jewish institution. It existed two thousand years before Abraham. God gave man the Sabbath because his nature demands it. He made it for man. One day in seven given to rest restores man's vigor and gives him renewed strength and power of endurance. A man can do more and better work in six days than he can in seven. This has been demonstrated by divers experiments. The same is true of lower animals as has been proven many times, therefore God included beasts of burden in the day of rest. Again man has a spiritual nature that must be cultivated to make him what God means for him to be. He is a religious animal and needs these facilities which will foster and stimulate his spiritual nature. To meet this want God has ordained that one day in seven be given to religious exercises. Man is prone to forget God, and his dependence on him for every blessing he enjoys. He needs to lay aside the cares of the other six days and give himself to meditation, prayer, the study of God's word. For that purpose God instituted the church, called men to preach the gospel and ordained the sacraments, all of these things are of divine appointment, and are all designed for man's happiness and well being.

In the laws of Moses God gave specific directions for the observance of the Sabbath. All work was forbidden even in "earring time and harvest". Servants as well as masters were exempted from work. On that day the Sanctuary Temple or Synagogue was opened and there was worship. The death penalty was executed on those who were found violating the law of the Sabbath. When the nation backslid and they no longer observed the Sabbath nor enforced the Sabbath laws, adversity came, and great disasters came to them. Wars were waged and their enemies triumphed and God though his prophets told them that these sorrows came as punishments for the desecration of the Sabbath with other sins.

All the nations engaged in the late war have greatly neglected the Sabbath. They have become slack in its observance. According to God's word this is one of the causes of the war. Other great sins have been committed by these nations and war was the result. Any man's patriotism is faulty who does not fear God and keep his commandments. It is the wicked who bring curse upon the nation.

"The Sabbath is holy unto the Lord", and the Sabbath breaker defies the Almighty.

The great reformers of the Jewish nation restored the Sabbath and peace and prosperity followed. "Righteousness exalteth a nation, but sin is a reproach to any people."

reproach to any people."

A strict observance of the Sabbath carries with it worship in the home and in the house of God, according to the teaching of the Bible a restoration of Sabbath observance by the nations would be a mightier power for preserving peace than the League of Nations.

God rules in this world despite devils and wicked men. His judgments fall upon the disobedient no matter how we plan to escape them. The first duty of every nation is to recognize God as their ruler, and its only safety is in obeying his laws.

It is the duty of the pulpit and of the press to teach those great lessons as a means of preserving national peace and of producing national prosperity. Christians are especially responsible to God for the observance of the Sabbath day, as a day of rest and worship. We are forbidden in God's word "to do our pleasure on the Sabbath day," and are told "Not to forsake the assembling of ourselves together," for worship. Let us be jealous of the Sabbath both by precept and by example.

DR. J. J. DICKEY.

Pools Hoist Prices

Kentucky farmers in twenty counties pooled 332,000 pounds of wool. This sold at an average of 68½ cents per pound for clear wool while the price paid the individual farmer by the regular buyer was 50 cents. Three hundred and thirty-two thousand pounds at 12½ cents advance means that the farmers who pooled made 41,500 clear money.

NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a new woman of me. I can now do all my housework and advise all nilling women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it."

Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa. There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, backache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years experience is at your service.

Old Friends Are Best—So Are Old Songs

And the Old Home Singers Will Make Friends of Everybody by Singing the Songs that Everybody Likes Best

Memory takes us back to cherished scenes. Nothing awakens memory so pleasantly as the singing of old songs, songs of our old home that were hummed at our work—they are so much more than just music to us.

The programs of the Old Home Singers, coming to Chautauqua to supply the music on the opening day, are journeys into the days of yesterday. Five young artists have been chosen, who, in voice and manner, are especially suited to sing and present the program. The singers form a mixed quartet capable of superb ensemble singing. That this will prove one of the most pleasing musical programs of the series is assured us by those who are in position to know.

ALLEGED WASTE OF FOODSTUFFS TO BE INVESTIGATED

T. D. Slattery, District U. S. Attorney, Will Report Alleged Wasteful Waste of Food to Washington—Investigation May Follow.

Thomas D. Slattery, U. S. District Attorney of Covington, will report the alleged wasting of foodstuffs by dumping it into the Licking river near Decoursey to government officials at Washington and ask for instructions. If the Washington officials consider the incident of sufficient moment to require investigation such orders will be issued.

Mr. Slattery said Friday night that such action would be as far as he could go in the matter unless he receives further instructions from Washington.

Reports received by Mr. Slattery said that a large quantity of fruit and other food was switched through the railroad yards at Decoursey until it became rotten and then was thrown into the river. According to the report there were eleven carloads of peaches and a carload of watermelons which were jostled about the railroad yards until they decayed. The carload of watermelons was in the yards for more than a week, the report stated.

Because the watermelons presumably had reached such a stage as to be unfit for further use they are said to have been dumped into the river. People living at Latonia and neighboring localities declare they found scores of good melons in the lot.

Railroad employees admit that some food was dumped into the river, but refuse to tell the details of the affair.

Citizens living near the locality where the food waste is alleged to have occurred, reported also that this is not the only instance of waste. Such a practice of dumping food into the river occurs from time to time, they said.

Whether or not the Federal Grand Jury will be called upon to investigate this report when it convenes this fall is not known. The grand jury's actions in the matter will be governed principally by the attitude taken by officials at Washington, following the receipt of Mr. Slattery's report of the affair.

Mr. Slattery said that he believed the alleged offense was covered by the act passed during the war which made it unlawful waste food or to permit it to be wasted. This law, of course, was passed at that time, he said, to prevent food waste during the period of the war, when food meant so much, but he pointed out that the law never had been repealed, and consequently he believed it covered the waste which had been reported to him.

Officials of the railroad company are said to have explained their innocence in the matter by stating that the shipper of the food ordered it disposed of in the manner described.

It is on published record that the newly-formed Adolph Philipp Film Company may make a screen presentation of the Philipp stage success, "Adels," but just when is not determined. A picture, entitled "Adels," was produced some time ago by the United Picture Theaters, Inc., with Kitty Gordon as the star, but the theme was entirely foreign to that offered in the Philipp show. The United's film was adapted from Adele Bienen's own story of her war experiences which was published under the title of "The Nurse's Story."

NATION-WIDE DRIVE TO IMPROVE ALL LIVE STOCK

United States Department of Agriculture Announces Campaign to Eliminate Scrub Sires From Breeding.

Washington, D. C.—"Better Sires—Better Stock."

This is the slogan of a national battle live-stock crusade, to get actively in motion October 1, that is announced by the United States Department of Agriculture, working in cooperation with the State agricultural colleges and other agencies interested in live-stock improvement. The campaign looks forward to the future food needs of this country's increasing population and results from long and careful observation of the live-stock industry in this country, and was planned after extensive consultation with specialists and breeders. The plan is to hasten the replacement of the multitude of scrub domestic animals in the United States with pure-bred or high-grade stock, and also to improve the quality of pure breeds themselves. The goal in view is greater efficiency in production.

This campaign will be the first organized crusade in a large country to improve all live stock simultaneously. It will interfere in no way with any work in live-stock improvement now being conducted, but makes all the work more definite and effective by providing official recognition for progressive breeders.

The campaign will be supervised from the Department of Agriculture in Washington, and in each State agricultural colleges. County agents and other field workers of the Department of Agriculture and of the State colleges will handle the campaign locally. Every live-stock owner actively co-operating and keeping and using none but pure-bred sires of good quality will be given an emblem as an official recognition of meritorious effort.

ON THE FARM IN KENTUCKY

Meetings To Go East

As the paper goes to press Farmers' Community Meetings have been held in Rockcastle, Whitley, Bell, Knox, Mercer, Lincoln, McCreary, Wayne, Pulaski, Marion, Taylor and Green counties. During this week and next week the following counties will have meetings: Nelson, Washington, Bullitt, Oldham, Henry, Carroll, Kenton, Boone and possibly Owen. After this a swing up the Ohio and Big Sandy will include Mason, Lewis, Fleming, Lawrence, Johnson and Pike.

Kentucky Will Help

Arrangements have been made by which Kentucky will have a prominent part in the Pure Food Show to be held at the Cincinnati, August 15th-16th. This exposition will emphasize the great value of milk as food. This interests the milk producers of Northern Kentucky directly. The Exposition Home Demonstration Department of the College of Agriculture at Lexington will demonstrate for the housekeepers of Cincinnati the many dishes and drinks which can be prepared from milk. These demonstrations will be given twice each day during the entire two weeks of the show.

The cross roads oracle says: No land'll stay flat long without it gets a chance to rest an' something to eat.

NEGRO STANLEY SAVED

GOES CALMLY TO CHAIR Eddyville, Ky., July 26—Lube Martin, the negro who killed Policeman Dlugud in Murray, was executed in the state prison here at 4 o'clock Friday morning. The negro walked to the electric chair without a quiver and took his seat as calmly as if he was in a barber's chair.

Martin went to sleep at 10 o'clock last night and awakened at 3 o'clock ate a hearty breakfast and then told the guard he was ready.

The execution was conducted without a hitch.

The electrocution of Martin marks the end of one of the most exciting trials in the history of the state, former Governor Stanley having rushed to Murray on a special train to prevent the negro being taken from court and lynched.

PROHIBITION CUTS KENTUCKY ARRESTS FIFTY PER CENT.

Statewide Federation Headquarters Gives Figures; Lexington Had 41 For First Eleven Days of July This Year Against 85 During Corresponding Period of 1918.

Lexington, Ky., July 26—Figures compiled by the Anti-Saloon League of Kentucky from reports made directly to Superintendent Norman A. Palmer showing a reduction in the number of arrests of more than half since prohibition went into effect in Kentucky were given out at the headquarters of the statewide Prohibition Federation here today.

In most cases comparison is made with the same days of a year ago, but the most remarkable showing is made in Catlettsburg where the arrests for the first ten days of July totaled only 12, Lexington showed a reduction of more than half, Owensboro of two-thirds, Frankfort of eight-ninths, and Louisville of more than one-half.

Besides the figures on war-time prohibition figures are submitted showing the large reduction in the number of arrests in Kentucky towns, formerly wet, which were voted dry. Among those are Richmond, Somerset, Marion, Corbin and Harrodsburg.

Figures for Louisville include the first seventeen days of June, 1919, and the first seventeen days of July, 1919. They show a reduction of more than 75 per cent. in the number of arrests for drunkenness and for being drunk and disorderly. In the first seventeen days of June there were 783 arrests in Louisville and for the first seventeen days of July the total was 370 from all causes.

SPALDING'S JOURNAL OF AMERICAN SPORTS

In addition to getting out the various guides and numerous books of instruction on various athletic accomplishments, the American Sports Publishing Company has printed a neat 32-page magazine, devoted to base ball which is a novel and ambitious presentation of fiction and instructive information, interspersed with advertising, which, however, does not overshadow the leading features. The front page, in two colors, reproduces a painting by Leslie Thrasher, entitled, "Choosin' Up," and is likewise in its faithful representation of the familiar methods employed by boys when selecting sides. The fiction is on early story of the late Charles E. Van Loan, entitled, "They Seldom Come Back," in which is related the experiences of some old ball players who had met quite accidentally at a summer hotel and who were inveigled by that latent love for the national game which is in us all to essay a match with the hotel team, the members of which had been recruited from college ranks; Walter Camp, who shone at Yale as a base ball player as well as in foot ball, recounts several incidents of Yale team victories in which he took part; "Jim Sullivan's Dope," by W. G. Shepherd, which originally appeared in Everybody's Magazine, is reprinted; Walter Trumbull contributes a poem on "War and Peace"; Grantland Rice, a chapter on "How Base Ball Helped Beat the Boche"; a chapter on "The Art of Pitching" by John B. Foster, editor of the Spalding Guide; Ernest Lanigan tells "How a Big League Keeps Its Records"; Billy Evans writes some "Don'ts" for amateurs, and there are instructive chapters on how to lay out a schedule, how a base ball is made, how a bat is made, and several other subjects of interest. The "Journal of American Sports" will be sent free to any address by American Sports Publishing Company, New York.

\$75,000 FIRE IN ASHLAND

Ashland, Ky., July 26—Fire of undetermined origin last night totally destroyed the three-story building of the Ogden Hardware Company here, entailing a loss of \$75,000. The adjoining building of the Field Furniture Company was partially destroyed. Fire departments from towns in three states, Huntington, W. Va., Catlettsburg and Ashland, Ky., and Ironton, O., responded to fight the fire.

Not a half dozen years ago people stared at a woman wearing a silk skirt!

TIME IS THE TEST

The Testimony of Maysville People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time. Maysville people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that this article was just as represented? Below is testimony such as the sufferer from kidney illness is looking for. Henry S. Gallenstein, blacksmith, 424 W. Third St., Maysville, says: "My kidneys were out of order and I had pains through my back. Doan's Kidney Pills put an entire stop to the pains and my kidneys became well." (Statement given January 9, 1912)

RESULTS THAT REMAIN

Over four years later, on November 14, 1916, Mr. Gallenstein said: "I haven't had any need of a kidney medicine since I last recommended Doan's Kidney Pills. The benefit they gave me has been permanent." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Gallenstein had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

Activity Abroad in Our Fair Land

We would again call your attention to the unusual activity that is going on in every industrial line: Times were never better and the opportunity never greater for good sound investments. Maysville and Mason county are not keeping pace with our neighbor counties and towns in the strides they are making. Our farm lands and city property are yet the cheapest when all conditions are considered that is to be found in this part of the state. We can sell you property in Maysville and farms in Mason county cheaper than you can buy them any place in the world when all the surroundings are considered.

MINERVA HOME-COMING PROVES WONDERFUL SUCCESS

Progressive Town Turns on Electric Lighting System Saturday Evening When Many Hundred People Crowd the Village.

The little town of Minerva is stepping lively toward the front and is displaying such progress as no other small town in the county is displaying at the present time.

It is estimated that there were at least 700 people in that town on last Saturday evening when a great home coming celebration in honor of the soldiers of that section of the county was held and when the switch on the electric lighting system for the town was turned and the town's streets were lighted for the first time with electricity.

The speaker of the occasion was Hon. M. J. Hennessey, of Augusta, and his address is said to have been one of the best ever heard in Mason county on a like subject. Besides paying a high tribute to the soldier boys in whose honor the celebration was being held, he paid a very high tribute to the progressive spirit shown by the people of Minerva and community. The Maysville Boys' Band played a concert and some seventy or eighty people from Maysville were in attendance.

The meeting was held by the Minerva Community Club, which is one of the real live-wire organizations of Mason county.

MT. HOPE CAMPMEETING IS IN PROGRESS

The Mt. Hope campmeeting in Fleming county is now in progress full blast and a number of Maysville people motored there Sunday where they had the opportunity of seeing many people they might not otherwise see in a very long time. Those attending report this campmeeting doing fine this year with many in attendance.

OHIO EDITOR RESIGNS

Colonel John D. Littlejohn, formerly a Kentucky editor, but who for several years has been editor of the Wellington, Ohio, Sentinel, has resigned his position with that paper to accept a similar position in Illinois. We are sorry to have the colonel go so far away from home.

Mr. William D. Fussnecker, aged 21, and Miss Grace Gillespie, aged 21, both of Ripley, Ohio, were married here this afternoon by Rev. A. F. Stahl.

Mr. and Mrs. S. F. Owsley, of Owingsville, Ky., spent Monday in Maysville.

Mr. P. P. Parker and Dr. J. T. Strode both remain in a very critical condition.

GOOD FIRST SUNDAY CROWDS AT CAMP; STRONG SERMONS

Largest Crowd in History at Campmeeting on First Day—Other Campmeeting News.

Ruggles Campgrounds, July 27.—The usual first Sunday crowd is here today, and that, too, in spite of the terrific heat. The most of the crowd, however, came during the afternoon. In the olden times the crowd came in the early morning, but now since the advent of the automobile the folks are likely to come in any old time. And it seems that today they have chosen to travel in the heat of the day. Maysville is represented in large numbers. Heading the procession is George Frank who never fails Old Ruggles. And when he is here he makes a pretty good Methodist. He is more than welcome today for another special reason: those two hatless quilt fans repeated to his sympathy and will receive each a new straw as soon as George can get it to them. Come often! Among the many Maysvillians we note Mrs. W. H. Hicks, and Roy Glehn, Mr. and Mrs. W. S. Antle and daughter, Mr. and Mrs. James Dawson, Mrs. T. J. Currey, E. E. Linville, Mrs. Adda Anderson, the Misses Stone, John F. Stone, Stanley Brady and daughter, Mr. and Mrs. H. O. Wood and child, Miss Minnie Jolly, Oscar Grigsby, J. R. Davis.

Mrs. H. H. Rosser, sons and daughter of Maysville and Miss Pearl Wesley Ohlunger came in late Saturday night to camp during the meetings. Mrs. C. C. Currey of Cincinnati, is a visitor today in the camp. Hon. W. P. Bowman spent Sunday with his family attending the meetings. Win is busily engaged in his campaign for the nomination for representative of Lewis county. In the words of an old friend "We're for him."

Last night was a noisy one in the camp. We thought we had remained up long enough to have quiet when we turned in. But no sooner had we gotten started in on a good night's rest than two big wagon loads of campers with their plunder came marching in through the woods headed by a man with a lantern. Then came a truck load of supplies for the confectionery, several automobiles and just after midnight the weird strains from a ukele way over some place with some girl and girls singing to its accom-

paniment to their "honey boys." Finally—always finally—when we were enjoying sleep with all its soothing influences the early prayer meeting bell rang out on the morning air. And such is life sometimes at campmeeting.

The Carpenter and Fizer families had a big reunion on the campgrounds today. Part of the family are camping. Seeing the big circle out in the woods we were curious enough to pry in and see who they were. And they were having the greatest time. The exact number in the crowd was not gotten but just read this list and you can surmise that it was some family reunion: Mrs. Virginia Carpenter, her four sons, Sam, Arthur, Frank and Irvin, their wives and children, four daughters, and their families, Mr. and Mrs. Oral James and son, Mr. and Mrs. Jasper Tucker and daughter, Mr. and Mrs. Gus Lynn Tolle and son, Mr. and Mrs. Albert Fizer of Flemingsburg, Mr. and Mrs. Fielding Fizer of Flemingsburg, Mr. and Mrs. John Clifton and daughter of Flemingsburg, and Messrs. Tom May and Carl Duzan.

The services of the day have been excellent from the early prayer service led by Rev. Ashley, the praise service led by Mr. Richardson, the morning and evening services at which Dr. Bunton preached and the afternoon service with Dr. M. M. Culpepper of Kansas City, Missouri, as preacher.

There was some disappointment when the people learned that Rev. Overley who was announced to preach in the afternoon would not be here on account of the illness in his family. But when the crowd learned that they were to hear Dr. Culpepper they were more than compensated for their disappointment. Dr. Culpepper is the pastor of one of Kansas City's largest Methodist churches, and is a preacher with a magnetism about his personality and preaching that wins his hearers. He had the largest audience of the day and gave them a soul-searching message on "sin." The preacher and his family left soon after for Flemingsburg where they will visit relatives for a few days returning to Kansas City in time for him to preach in his own church next Sunday.

With such sermons Dr. Bunton is making a greater reputation for himself. He is giving us some great things to think about. And that folks are thinking deeply is evidenced by their response to the propositions made by the evangelist. Much good is being done and we are sure the success of the meetings will be great.

Our paper boy, Robert Peters is a sure enough hustler. He keeps at us every day to get him more papers. They all want the paper with the Campmeeting news, showing that the people appreciate the publicity given our campmeeting.

Mr. and Mrs. Ben Cole and Miss Helmer of Maysville enjoyed their first day at Ruggles Campmeeting today. Glory be! "Uncle Jule" and "Uncle Pork" came out from Maysville to see us today. "Glad to see you."

Mr. Ned Piper of Maysville spent the day with his wife and daughter who are camping.

Harry Markwell is here at last, 'nuf said.

A crowd is one of the hardest things to judge as to numbers. Various opinions and comparisons have been made during the day about the attendance. All speculations were put to rest when the gate receipts were tallied up. They showed the attendance to be far ahead of any first Sunday of the campmeeting. At this rate of increase we are wondering what the second Sunday will be. Many who came from Maysville say that nearly everyone you mention campmeeting to were making plans to attend the last Sunday. Come along, we'll be glad to have you, and can promise you the best preaching ever heard at Ruggles Campmeeting, and the best time.

As a closing sermon for a hot and busy Sunday Dr. Bunton gave us a sermon-lecture on "The Tragedy of a Wedding Dress." It was full of spicy humor yet with sufficient solid practical points to make it a sermon for serious contemplation and consideration especially for the young folks.

Ruggles Campgrounds, July 26.—After reading the reports in the city papers about the intense heat of Friday we are not surprised at getting a little touch of it out here in the woods. But after the sun went down the nicest breezes floated through the trees and we were wafted into the most delightful night's sleep. But the heat has taken another turn at us today. How welcome a good shower would be.

Saturday night finds the camp alive with visitors. And it being warm the young folks especially are loath to leave the grounds they are having such happy times. The refreshments booth is doing a land-office business.

The services of the day have been well attended and all excellent. Mr. John Walsh led the early prayer services. At 10 a. m. we had a powerful sermon from Rev. A. P. Smith of West Union, Ohio. Brother Smith, a native Kentuckian, cannot resist the temptation to visit Ruggles each year. And no preacher is more welcome. We would have been delighted to have had him remain for the whole campmeeting but because of pressing duties at

his home church he had to leave after the service at which he preached.

Dr. Bunton gave the young people a sample of the kind of services he conducted here years ago when he had charge of these services for the whole campmeeting. He gave an exposition of Paul's letter to Philémon that was the most instructive, entertaining and helpful we have ever heard.

Another big increase in attendance was noted at the evening service when Dr. Bunton preached on "The Devil to Pay." Dr. Bunton and Rev. Ashley sang a very effective duet, "Redeemed" just preceding the sermon. The audience was visibly impressed.

Miss Lillian Muso arrived this afternoon from Indianapolis and will be a guest at the Richardson cottage during the campmeeting.

Mrs. Gertrude Fetter of Chicago, arrived today to attend the campmeeting and visit her parents, Mr. and Mrs. G. N. Harding.

The Rev. Mr. Culpepper, a prominent pastor of Kansas City, is stopping for a few days at the camp on his way to Flemingsburg.

Mr. A. E. Parsons and family of Marion, Indiana, motored through arriving in camp late this afternoon. They will spend a few days guests at the Dr. Irvin cottage. Mr. Parsons is one of the old-time Ruggles campers having been a convert here forty-three years ago. He is having a great time shaking hands with old friends and enjoying the meetings.

Master Asa and Miss Grace Wallingford of Maysville came out today to camp for a few days in the Old Kentucky Home.

Two couples from the camp were out huggy driving this morning came to grief about a mile from the camp when their buggy broke down causing the crowd to foot it to camp in the hot sun.

Two of our most ardent quilt fans became so interested in the game last evening that they took off their hats to play better laying their hats on one of the seats about the trees. After the game they came right in without thinking of their fine straw hats. And they never did think of them until they started out in the sun today. Both searched their cottages diligently for their hats without success. Then they searched the tabernacle and every other place but the section where they left them. Finally Sam Carpenter went out that way and shortly came back totting the wrecks of two straw hats. Evidently the campmeeting goat had tried to make his supper on them but as they were not made up of digestible material he had to give it up as a bad job. And those two quilt fans are hatless away out here miles from a hat store. Just what mode of procedure will be adopted for the future has not as yet been decided upon. For the present, however, they are wearing a pair of "Old Hickories."

MAGISTRATE'S MONTHLY COURT

Today was Squire Fred Dresel's regular monthly court day and there were many important cases on the docket, few came up for trial, however, and many were continued until the next regular monthly court.

Some five young Mason county men have joined the U. S. Navy at the local recruiting station opened last week at the Kentucky Hotel.

LARGE BANKS

Are not being organized to just reduce running expenses; but to afford the people increased credit with which to meet present prices and larger business problems.

We know you cannot conduct your business with the same amount of money you formerly could. Larger banks are therefore necessary and we think we are now large enough to fully care for all of your financial wants.

Please come in and talk over any business proposition you may have in mind with us. We want to help you.

Don't Miss Reading This!

We have for sale, at a price that won't keep it for sale very long, the Arthur Day farm of 379 acres near Orangeburg. It has on it one of the largest and handsomest homes in Mason County, a good tenement house, two splendid barns and other improvements. Most of the land is in blue grass and is well watered. Near a good school. Don't put off calling us up, if you are at all interested, for this is a chance that shouldn't be overlooked.
